DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

#236 is a detached, 2-1/2 story brick house, three bays wide and two in depth with a two story, brick "L" shaped wing, two bays wide and four in depth with a side balcony. All brickwork is in common bond. The simple front entrance occupies the right (W) bay with a glass over panels door. Front windows are now of 1/1 sash and those on the rear are of 2/2 sash, both with two row header brick segmental arches as above the doors. The attic is lighted by a small, four pane window in each gable. The front section has a moderate slope "A" frame roof resting on three string brick cornices and small enclosed chimneys rise on each end. The wing has a shed roof and both are of metal. The house rests on a rather low fieldstone foundation and is fronted by a brick pavement.
