Description of Property and Eligibility Determination *(Use continuation sheet if necessary and attach map and photo)*

The resource is a Gable Front form single family dwelling typical of the millions houses constructed nationally between 1930 and 1946. The exact date of construction is not known. The walls are constructed of brick or concrete block and are clad with stucco. The front gable roof is clad with asphalt shingles.

The property is not known to be associated with events that have made a significant contribution to the broad patterns of local, state, or national history (Criterion A). The property is not known to be associated with the lives of persons significant in the local, state, or national past (Criterion B). The property does not embody the distinctive characteristics of a type, period, or method of construction; represent the work of a master; or possess high artistic values (Criterion C). Finally, the property is not likely to yield information important in local, state, or nation prehistory or history (Criterion D).

Because the resource lacks significance under Criteria A, B, C, and/or D, the resource is not recommended as eligible
