Completed projects may be inspected by an authorized representative of the MHT Director to determine if the work meets the Standards for Rehabilitation. The MHT Director reserves the right to make inspections at any time up to five years after completion of the rehabilitation and to revoke certification, if it is determined that the rehabilitation project was not undertaken as presented by the owner in the application form and supporting documentation, or the owner, upon obtaining certification, undertook unapproved further alterations as part of the rehabilitation project inconsistent with the Secretary's Standards for Rehabilitation.
