

A survey tool that allows members of the public to record unanticipated artifact discoveries, and report them to the Maryland Historical Trust (MHT), Office of Archaeology.

Are you a metal detectorist, arrowhead collector, or history buff who's made an interesting artifact discovery? Do you want a simple way to record your find in the field and report it to archaeologists? Try our new smartphone app, mdFIND. It's as easy as 1, 2, 3!

1 - Download mdFIND at <https://arcg.is/1PnOL10> and take a photo of your find.

2 - Fill out the simple form from your smartphone, tablet, or browser (no account necessary).

3 - Submit your find to MHT archaeologists. You choose whether to provide contact information for follow-up.
