Bridgetown School House

Architectural Survey File

This is the architectural survey file for this MIHP record. The survey file is organized reverse-chronological (that is, with the latest material on top). It contains all MIHP inventory forms, National Register nomination forms, determinations of eligibility (DOE) forms, and accompanying documentation such as photographs and maps.

Users should be aware that additional undigitized material about this property may be found in on-site architectural reports, copies of HABS/HAER or other documentation, drawings, and the “vertical files” at the MHT Library in Crownsville. The vertical files may include newspaper clippings, field notes, draft versions of forms and architectural reports, photographs, maps, and drawings. Researchers who need a thorough understanding of this property should plan to visit the MHT Library as part of their research project; look at the MHT web site (mht.maryland.gov) for details about how to make an appointment.

All material is property of the Maryland Historical Trust.

DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

Bridgetown School is located on the north side of Maryland Route 405, approximately two-tenths of a mile east of Maryland Route 312 in Bridgetown, Caroline County. The structure has been remodeled to serve its present use as two apartments.

The exterior design of Bridgetown School is similar to several other school houses in Caroline County and were probably built in the early twentieth century. The floor plan of the building is rectangular, but the ridge of the roof is T-shaped. Therefore, the two long facade (in this case the north and south) have a gable section as well as a three bay section whose roof's gable is on the west side. The fenestration of the facades has been replaced with modern windows, new doorways, and the exterior is aluminum siding. Some of the early ornamentation survives at the rafter ends and extension of the roof frame plate.
