Stickell & Sons Feed Manufacturing

Architectural Survey File

This is the architectural survey file for this MIHP record. The survey file is organized reverse-chronological (that is, with the latest material on top). It contains all MIHP inventory forms, National Register nomination forms, determinations of eligibility (DOE) forms, and accompanying documentation such as photographs and maps.

Users should be aware that additional undigitized material about this property may be found in on-site architectural reports, copies of HABS/HAER or other documentation, drawings, and the “vertical files” at the MHT Library in Crownsville. The vertical files may include newspaper clippings, field notes, draft versions of forms and architectural reports, photographs, maps, and drawings. Researchers who need a thorough understanding of this property should plan to visit the MHT Library as part of their research project; look at the MHT web site (mht.maryland.gov) for details about how to make an appointment.

All material is property of the Maryland Historical Trust.

Site # WA-HAG-201

Date: 1919, 1947

Property Name: (Historic) D.A. Stickell & Sons Feed
Manufacturing
(Present) Otis Elevator Co. offices and other
businesses

Location: 67 West Baltimore Street
Hagerstown, Maryland

Access: private X, public

Description:

The former D.A. Stickell & Sons Feed Manufacturing building on West Baltimore is a five and a half story steel framed structure with yellow brick and block surfaces. The front portion of the building facing Baltimore Street was built in 1947; an older warehouse toward the back dates from 1919. The front elevation is embellished with Neo-classically inspired two story round arched window and entrance bays. Upper stories have horizontal window bands. Vertical corbeled pilasters distinguish the ends of the facade.

Significance:

Operating as the D.A. Stickell & Sons Feed Manufacturing Company at least to the 1950s, this large building stands adjacent to the Washington County Branch line of the B&O Railroad near its yard and terminal area. earlier in the century it was the Anchor Milling Company. Both establishments reflect the continuing importance of grain processing as an economic factor in Hagerstown and the surrounding area.

Historic Context:
