DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This two-story frame house rests on a high stone foundation on a plot of land which slopes gently from the northwest to the southeast. The south facade is three bays wide, with a modern external brick chimney in the central bay. A doorway is adjacent to the chimney (on the right) on the first floor, and a sash window abuts the chimney (on the left) above. The outlying bays have sash windows on both floors. The west gable has a double doorway on the first floor, with a sash window above. A one-story porch wraps around the south and west sides. A two-story, one bay ell extends to the north from the northwest corner of the building.
