DESCRIBE THE PRESENT AND ORIGINAL (if known) PHYSICAL APPEARANCE	
<p>Located at 47 Baltimore Street, the building stands on the southerly side of the street near the western end of the block formed by Mechanic and Liberty Street.</p> <p>The building is an early-mid twentieth century brick structure of three stories with a shop front on the street level. It stands in a row tight to the sidewalk but is a separate building. The upper levels have a set of two windows spaced in the center with a single window on each side. The windows have double-hung wooden sashes with one-over-one lights. There are two masonry belt courses that include the window sills. Three rectangular designs are worked into the bricks between the second and third floors. There is a small masonry cornice below a closed balustrade at the top of the facade.</p>
