DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The Post Office is located on the west side of Route 36, Main street in Midland, Allegany County, near the intersection of the new Route 36.

The building basically consists of a two and half story four bay wide, rectangular shaped frame structure, covered with beveled siding. A one story addition with shed roof and facial parapet adjoins the main block on the northern side and presently serves as the Midland Post Office. The entire facade is supported by a low stone foundation with a plain water table. The roof of the building is gabled and covered with replaced asphalt shingles, while the eaves exhibit a plain soffit and frieze. Windows in the structure feature double hung wooden sash frames with one over one and six over six lights with plain trim. A window with six over six lights is also located in the front gable end. Two main entrances are located on the front eastern face and both feature a horizontally paneled door with plain trim. The main entrances are covered by a two tiered three bay end porch with hipped roof. The porch is supported by four circular metal columns on the ground floor while the second story supports the roof with banistered chamfered columns exhibiting ornamental brackets with pendants. One corbeled brick chimney, which appears to be original is located centrally to the main block.

The building is structurally sound but has been somewhat altered when renovated to serve as a post office.

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

The building, which is presently being used as the Midland Post Office, was originally built to serve as an inn. The inn is believed to have been built circa 1875 by Daniel Stakem, and was the first boarding place in Midland.¹ The inn was later converted into a butcher shop by Mr. Stakem and was known as "Daniel and Sons Meat Shop."² Throughout the years in which the meat shop operated the second story continued to be used as a boarding house. In many cases, the miners from the local veins used these rooms instead of private or company housing. The inn continues to be used as apartments on the second story while the ground floor has been remodeled to serve as the Town Post Office.

The structure retains much of its original appearance and remains as an architectural reminder of a way of life once found in Allegany County.
