## STATEMENT OF SIGNIFICANCE

St. James Episopal Chapel was constructed in 1878 to serve as a place of worship for the Episopal congregation that was forming in Westernport. After the completion of the Cumberland and Pennsylvania Railroad in the 1860's the population of the town increased rapidly. The Chapel itself was constructed as a result of the general development of the town and also as a result of the effort of Dr. Thrall who was rector at the time.<sup>1</sup>

The church is one of the few churches that retains most of its original appearance in Westernport and it remains an architectural and cultural reminder of the religious growth of the town.
