Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)*  
This one-story, four-bedroom single family unit was built in approximately 1924. It is of standard wood frame construction with a crawl space. There are three units of this type at the USNA.  
The bungalow has a hipped roof with shingle roofing, aluminum fascia and soffits, aluminum gutters, downspouts, and drip edge, vinyl siding, a concrete masonry unit foundation, and wood double-hung windows.  
This bungalow was damaged by a fire and the Navy decided to demolish the structure. This documentation was prepared to mitigate the adverse effect of the demolition.
