Based on available information, the house at 1188 Grove Avenue does not appear to meet the National Register criteria for individual listing, nor is it located in any known National Register Historic District. The house could date from the 1920s to 1940s. It is an undistinguished frame cottage which exhibits little or no design intent and appears to have been added to and altered through the years. It is located in Shadyside, which does not appear to constitute a National Register eligible district (per Ron Andrews and Donna Ware site visit to Shadyside).

Documentation on the property/district is presented in: project file
