	(Check One)			(Check One)		
	<input checked="" type="checkbox"/> Altered	<input type="checkbox"/> Unaltered	<input type="checkbox"/> Moved	<input checked="" type="checkbox"/> Original Site		

DESCRIBE THE PRESENT AND ORIGINAL (If known) PHYSICAL APPEARANCE

"Atholl" was built in about 1860 by Richard W. Hardesty. According to local stories, Hardesty wanted to build his house on a rise nearby, called "Virginia Hill" because one should be able to see that state from the highest point. The Murrays, living in "Cedar Park" (AA-35-T-c) refused to sell the land to Hardesty so, for spite, he situated "Atholl" on his own land, on the other side of the road, insuch a way that he was in direct view of the Murrays and could see the bay through their parlor windows.

"Atholl" is a large, 2 1/2 story frame house on a T-shaped plan. The east end of the cross has a 2 story semihexagonal bay. The rest of the front is set back with a wide porch around two sides.

The house has two types of windows: the traditional 6 over 6 on the second story and large paned, 2 over 2, elsewhere. A long window in the parlor reaches to the floor.

"Atholl" has been restored and is in excellent condition.
