

AA-283
Chew House
Owensville

c. 1800-1860
private

This nearly square, two-and-a-half story, three bay frame house with a side hall plan has two large brick chimneys and a kitchen wing on the east elevation. The house was enlarged by one bay around 1860. It is less than a quarter of a mile from the center of Owensville, one of the few communities in Anne Arundel County to retain the appearance of a small 19th century town.

DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The Chew House is approached from a dirt lane on the east side of Owensville-Sudley Rd., 1/4 mile south of the junction with Rt. 255 (Owensville Rd.) at Owensville. Large elms and maples surround the house which now appears to be unoccupied, although it was once the dwelling a large farm.

The structure, built before the Civil War, is a nearly square, 2 1/2 story, three bay frame dwelling with a two story, two bay frame kitchen wing on a brick foundation joining the east elevation. Once weatherboard, both sections are now covered with brown wood shingles. *A break in the cornice line indicates that the house was enlarged by one bay, the side wall added.*

A four bay porch with a flat roof supported by plain posts extends across the front of the house, and an above grade porch with a shed roof is on the south elevation of the kitchen.

The main entrance in the west bay of the front elevation has a six panel door with a four light transom above it.

Windows on the front elevation have 6/6 light, double-hung sash and appear to be slightly smaller on the second than on the first story. Louver shutters are on the first story, front elevation only. The wing also has 6/6 light sash with small windows on the second story.

The main block has a high gable roof covered with asbestos shingles. Large shingled dormer units on the south slope look to have been added in the 20th century. Two large exterior, weathered chimneys are at the east gable end; they narrow considerably above the second floor. The first chimney is in front of the wing while the second chimney rises between the wing and the main block.

The house has a side hall plan. A simple wooden mantelpiece is on the east wall of the front room, first floor, the doors have architrave framing with bulls eye corner blocks and the ceiling is wainscoted.

A large vertical board barn is east of the house.

STATEMENT OF SIGNIFICANCE

This nearly square , 2 1/2 story , three bay , frame house has large, brick, exterior chimneys and a kitchen wing adjoining it. Martha Peake of Tamarack Hill (AA-282) states that her grandmother, a teenager in 1863, was born in the house which belonged to her father William Peake. Tamarack was built to resemble a more spacious version of the old family farmhouse. The house does not appear to be occupied now. It is located less than a 1/4 of a mile from Owensville, one of the few settlements in Anne Arundel County to retain the appearance of a small 19th century village.

DESCRIBE THE PRESENT AND ORIGINAL (if known) PHYSICAL APPEARANCE	
<p>This small, frame, brown single covered, house has been associated with the Chew family since the late 19th century. It appears on the 1878 county map as owned by William H. Peake, a farmer with 97 acres. The Peake and Chew families were prominent members of the West River community. Peake built several of the houses in the area: Tamarack Hill, the Watts residence (AA-247). The Chews (AA-282) owned part of the Chew and Hopkins Store in West River (now Owensville).</p>
