DESCRIBE THE PRESENT AND ORIGINAL (If known) PHYSICAL APPEARANCE

The building is a three story, three bay attached unit. The structure is of common-bond brick, flat roof with chimney at rear. The top front of the structure has a simple doric style cornice of wood. The first floor has a store front with the main entrance at right. It is a rectangular double door with flat transom. The vertical three-light transom over the double doors is repeated across the front of the building over the store front windows. A wooden lintel is above the first floor and flat wooden pillars one story high are on right and left of building.

The second and third floor windows are one-over-one and are symmetrically placed. The windows on each floor have flat brick arched lintels.

The width and height of the building is similar to other structures on the block. A large sign perpendicular to the front of building, two stories high, is attached to the structure.
