Notable features:

The 1852 map shows this terrace so built except for slot where store stands (number 815) and site of 829. This is a good terrace with interesting adjustment to contour of the street bed. Most are 3 story gables with varied facades. All have back buildings. Number 805 has a promenade gallery over the alley. Number 815 is an original store front with iron work.

Environmental context:

Poe Homes is opposite. House-to-house scale very good and needs retention of all houses to maintain continuity. Street needs trees.
