Notable features:

Well kept but heavily formstoned. Numbers 20 and 28-40 are not the original houses; they were gabled, perhaps like 22, 24 and 26. The present houses seem in good repair, needing only their surroundings improved. Numbers 36, 38 and 40 are original shop fronts. Numbers 24, 26 and 30 have modern shop fronts. Numbers 20, 24-34, and 38 have been formstoned.

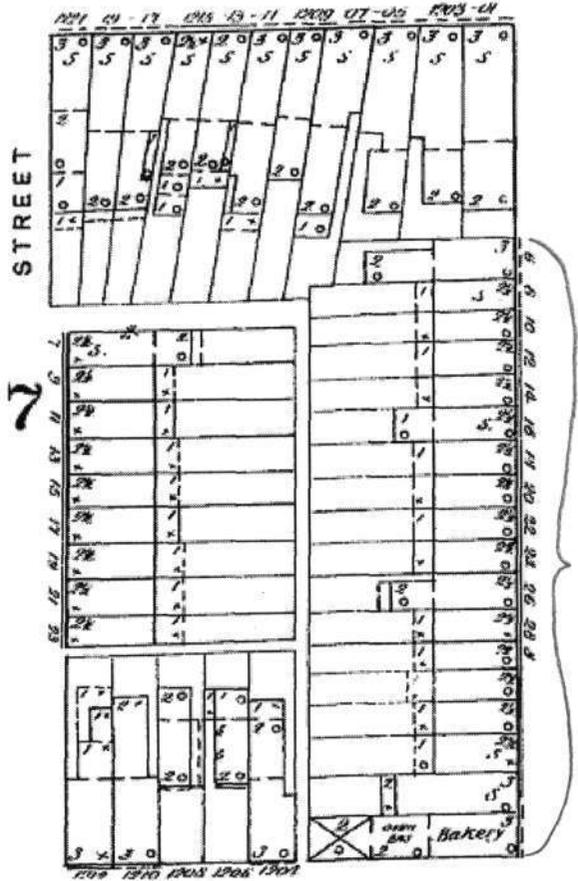

Environmental context:

Lots at 6-18 have been cleared (along with 7-23 S. Stockton Street) and paved over as a large parking lot. Adjacent to the market. Construction in the street is for the expressway and will remain until late 1976. Nice street trees in part of the block; see suggestion of pedestrian street in block summary.
