Notable features:

Numbers 1201-1209 are 3-story flat roofed buildings. The details on shop front 1201 date about 1890, though the house is older; has a new front wall (see picture, next sheet). Number 1203 has a good facade. Numbers 1205-1207 have lost their cornices. Number 1209 is an unusual design: note keystones in its window arches. Numbers 1211-1223 are 2½ and 3-story gable roofed houses, with flat angled gables. Numbers 1205, 1207, 1211-1217 and 1219 have been formstoned.

Environmental context:

Busy, noisy, one-way street, in spite of which houses are very well kept; large street trees are needed.
