

B-3079 - B-3086  
2-30 Henrietta St. (North side)  
Baltimore, Md.  
Private access

1820-1835

The group of two and a half story, two bay wide late Federal style brick houses that line this side of Henrietta St. were built by various local carpenters and brickmakers in the years between 1820 and 1835, the earliest houses being those to the west, closest to S. Charles St. 2-6 Henrietta St. were built contemporaneously with 821-829 S. Charles St. by the same builder, John Cator. 22-24 Henrietta St. is an unusual two story, two bay wide brick house set back from the street with the gable roof set perpendicular to the street instead of parallel to it. The house extends back to a depth of five bays. 26-30 Henrietta St. have been enlarged and are now all three stories in height with shed roofs and bracketed cornices.

**DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE**

This three story brick house with shed roof and modern cornice is an enlargement of an original 2 1/2 story house that was probably quite similar to 20 Henrietta St., built at the same time.

The buildings is a full three stories in height, 16' wide, and extends back on a 70'9" deep lot. It is constructed of running bond. The shed roof is capped by a modern cornice consisting of six horizontally placed strips of wood siding. All of the openings have splayed brick lintels. The sills are composed of a single row of header. No original sash remains and the openings have been filled with modern 1/1 sash. The modern panel door is surmounted by a single light transom. The house sits on a fairly high basement, the entrance being reached by four stone steps, with a modern iron railing. A square-shaped coal openings is located to the right of the steps.
