

B-3180 - B-3186  
204-232 Churchill St. (North side)  
Baltimore, Md.  
Private access

1860-1880

Most of the small houses located along the north side of the 200 block of Churchill St. are two stories in height and two bays wide with shed roofs and late Victorian brick and metal cornices. They originally served as carriage houses for the houses to the rear facing on Montgomery St. but have since been remodeled as residences. An exception is the group of houses at 226-232 Churchill St., which are two story, gable-roofed houses typical of the type of small gable-roofed house built for a working class market in the 1850's and 1860's.

DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This two story, two bay brick house with shed roof was originally built as a carriage house and was later converted into a residence.

The house is two stories in height, about 13' wide, and occupies a lot about 50' deep. The house is two rooms deep and there is a one story high, one bay deep rear addition. The house is constructed in running bond. The shed roof is capped by a wooden cornice consisting of a deeply projecting crown molding supported by a row of thick dentils and a plain freize area. Two grooved end brackets frame and support the cornice. There is a single hooded chimney located along the east side of the rear section of the roof.

The first floor openings have no lintels. The second floor openings have molded wooden lintels. All of the sills are brick headers. All of the window openings are filled with 1/1 double hung sash. There is a horizontally paneled door set beneath a single light transom. The house sits on a low basement, the entrance being reached by three brick steps. A low rectangular basement opening is located to the right of the steps.
