c.1855-1880

The west side of the 1100 block of William St. is improved with several different groups of two and three story houses. At 1122-1124 William St. there is a pair of three story, two bay wide brick houses with shed roofs and bracketed cornice, built in the late 1850's or 1860's. Adjoining to the north, at 1114-1120 William St., is a group of three story, three bay wide brick houses with gable roofs, built about 1855 by Conrad Linderman, a local baker. The houses at 1102-1106 William St. are a group of late Victorian style, two story, two bay wide brick houses with shed roofs and bracketed cornices, built in the late 1870's. A house originally similar to the previously mentioned row, at 1100 William St., has recently been renovated with a totally rebuilt facade. The present structure is a two story, three bay wide brick house with shed roof and simple brick cornice, with a first floor storefront area designed in a traditional or "colonial" manner, with central door flanked by multi-paned shop windows.

This two story, three bay brick building with shed roof has recently been completely remodeled and has a new brick facade.

The house is two stories in height, 18' wide, and occupies a lot 56 1/2' deep. The building extends back along Cross St. for four bays. There are no rear additions. The house is constructed in running bond but the entire facade is new. The shed roof has a false front with a stepped brick cornice. There are no extant roof chimneys.

The second floor window openings on both the William and Cross St. facades have segmentally arched brick lintels with solid wood tympanums and brick header sills. All of the windows are filled with 1/1 double hung sash. The first floor area is being readied for use as a shop-front. A central pair of multi-light doors are flanked by paired, multi-light windows. Some form of projecting shed cornice is being constructed above the shop-front area. The entrance will presumably be reached directly from the side-walk.
