**POTEET LOG CABIN** - Before 1863 - 828 Warren Road, Warren vicinity. Last house south of reservoir property, this log house appears as Alexander Grafton house in detail map of Warren Factory in 1877 atlas. Before that it was property of Nicholas R. Hutchins' much larger tract called Lemmon's Lot. One acre was detached by Zephaniah Poteet in 1863 and sold to William H. Mark for \$275 which would allow for a modest house. The shingling that obscured the logs was being removed in 1981. Owner: John Merryman, III.
