DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

Located north of Padonia Road and just west of York Road is a quarry thought to have belonged to Aquila Galloway. This quarry appears to be even older than others on the east side, as it is extremely overgrown with trees as well as underbrush. According to the 1877 Atlas of Baltimore County, Galloway owned property at or near this location and may have been operating a quarry here at this time.

STATEMENT OF SIGNIFICANCE

"Calloway's quarry" is significant for an understanding of quarrying activity at Texas, as are the other abandoned quarries here. Together with the lime kilns, this quarry and the others helps to illustrate the importance of quarrying as a source of employment and identity for Texas. The quarries at Texas can be seen as an illustration of an early form of industrialism in this area.
