Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

This one-and-a-half-story gable-fronted bungalow faces south-east onto Williams Street. Set on a stuccoed concrete foundation, this dwelling is three bays long and has a three-bay facade composed of a central doorway and flanking paired windows. The windows are glazed with six-over-six double-hung sash that are probably not original. The roof is interrupted by two gable dormers that face southeast and northwest. There is an exterior brick stove flue built onto the rear gable end. A hipped-roof front porch set on Doric columns shelters the facade, and a hipped-roof rear shed addition provides extra space at the rear of the house. This structure was built in the early part of the twentieth century.
