J. BOWEN'S FARM Solomons Island Road (Maryland Routes 2,4)

Sunderland

late 19th century

Private

A late 19th century house and barn are the most interesting buildings on this farm. The two-story frame house measures three bays long by one bay deep. Its original details are partially obscured by additions on two sides.

The tobacco barn's gable roof rises above the shed additions on all sides. The structure's hewn frame includes 2' studding, suggesting an original covering of riven clapboards.
