Plain lapped weatherboards cover this simple two-story frame dwelling. The small house measures two bays wide by one bay deep. A gable roof covers the house. A one-story kitchen section adds space to the house.

It adjoins the south-facing building's east end. An entrance appears in either extreme end of the facade. Six over six sash windows light the dwelling. An interior brick stove-flue chimney heats the east end of the main section.

Standing-seam metal roofs the main house, while asphalt shingles cover the kitchen roof.
