Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

It is impossible to determine how this house is oriented. Its north gable end fronts onto Point Lane. It is a one-story one-room-deep gable-roofed structure with asbestos shingles over a wood frame. The windows are glazed with six-over-six double-hung sash. There is a concrete-block stove flue on the north gable end and a shed-roofed screened-in porch on the west side. The house was built some time during the twentieth century.
