Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

This framed and weatherboarded nave-plan church faces west onto Solomons Island Road. The gable-roofed structure is set on a low brick foundation and is three bays long. There is a smaller gable-roofed advanced bay on the front of the church that connects with a southwest corner tower. Access to the building is through the tower, which also has segmental arched, louvred bays in the lantern and a pyramidal roof with flaired eaves. The other bays of the church are round-headed. All of the windows are glazed with early twentieth-century opalescent stained glass. There is a shed-roofed Sunday School addition built onto the south side of the church.

# 9. Major Bibliographical References

Survey No. CT-970

# 10. Geographical Data

Acreege of nominated property \_\_\_\_\_

Quadrangle name Solomons Island, MD

Quadrangle scale 1:24000
