Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

This two-story gable-fronted store faces west toward Charles Street and the Patuxent River. It is two or three rooms long and two bays wide with a one-story hipped-roof enclosed front porch that is glazed with big commercial windows. The original windows of the house are glazed with two-over-two double hung sash. Those on the front of the building have relatively new six-over-six double-hung sash windows. There are two interior ridgeline brick stove flues. The wood-framed structure was originally sheathed with weatherboarding; it is now covered with asphalt paper. Fenestration of the sides and rear of this commercial building suggest that it was built as a two-story single-pile side-passage-parlor-plan dwelling. It dates from the turn of the century.
