348 HOOK ROAD

early 19th century

Westminster vicinity

private

348 Hook Road is an excellent example of early nineteenth century brick farmhouse construction in Carroll County. It has the basic characteristics of the regional style, while attaining a more refined statement through decorative features such as the corbelled brick cornice on the gable ends. It also contains late nineteenth century ornamentation in its bracket cornice and full-length, one-story front porch. The property was the Hook family residence during the nineteenth century.
