Indian Range is a two and one half story frame structure covered with green asbestos siding. To the east is a one and one half story kitchen wing which appears to be of the same date as the main portion. The main portion is five bays long with central door and the kitchen wing is four bays long. The windows have 6/6 sash and shutters, paneled on the first story and louvered on the second story. The attic of both sections has two dormers with crude fluted pilasters. The back of the brick fireplace of the kitchen is exposed.
