DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The Wagon Shop or the building that at one time served as a Wagon Shop is located in the village of Calvert. It is a large frame structure looking like a barn. The shop was moved back 100 feet from the road to its present location about the turn of the century. It is two stories in height three bays long by two deep with a story and a half frame addition on the rear of the building. The building has a gable roof covered with diamond shaped shingles with a clay stove chimney protruding from an interior section. The exterior surface is covered with asphalt shingles. The facade was a door entrance at the eastern end with a board and batten door. A modern garage door has been installed. High in the attic of the east gable is the outline of a door. An exterior cinder block chimney has been built on this same wall. The foundation of the building is built of stone that has been stuccoed. The window sash is 6/6 throughout.
