DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This site now only consists of the foundation of a mill. It is built of stone roughly laid without much mortar up against the side of a small knoll. The mill was supposed to have been moved downstream during the early 1900's. It was a frame building and could possibly be the present day Kites Mill.

STATEMENT OF SIGNIFICANCE

A mill is supposed to have existed here in the late 18th century and is known to have operated in the 1800's. It was a saw mill. The site has little significance except for archaeological purposes.
