**DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE**

The Blackway house c. 1860 is a 2 story four bay by one room stuccoed frame house on Maryland 213 just south of Cecilton. The main facade faces south with an east/west gable orientation.

The frame house rests on an uncoursed stone foundation and is capped with a low pitched corrugated tin roof. The west end is a hip whole . The east end is a normal gable. A 20th century 1 1/2 kitchen wing, 2 bays by one room is attached to the west end. A previously open shed porch is now enclosed and stretches across the four bays of the south side.

The first floor on the main facade is totally covered by the porch but an entrance is found in the second bay from the west and 6/6 sash with plain trim in the other bays. The second floor has four 6/6 sash and a boxed cornice with beveled bed molding stretches across above them. Two chimneys rise out of the main block, one on the west end and the other in the center of the structure.

The east gable end has a large single pane picture window between two two 6/6 sash on the first floor and two 6/6 sash on the second. The bargeboards are plain, and barn complex are found to the west of the main house. Directly west, however, is a nineteen stuccoed frame meat house with its small smoke stack.
