**DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE**

#29 is a tall, narrow, two story detached frame house, two bays wide and approximately three bays deep with a frame, two story "L" shaped wing, 1-1/2 bays wide and two in depth. The building is now covered by composition siding. A newer door with a three pane overlight occupies the right (E) bay. This is approached by a six step concrete porch. Front windows are of 2/2 sash and those on the rear are of 6/6 sash. The front roof slopes to the rear, and the wing has a shed roof, both of metal. The front roofline is adorned by a simple, but attractive Victorian cornice with mouldings and an incised band of large crosses. The high fieldstone foundation is faced with brick and the building is fronted by a herringbone patterned brick pavement.
