**DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE**

This is a 2-1/2 story detached frame pair of houses, four bays wide and two in depth with a two story, frame "T" shaped wing, three bays wide and two in depth with side balconies and a one story frame extension. #27 has the original sheathing of wood siding grooved into blocks with superimposed blocks on the end corner representing stone quoins. The exposed side is of clapboarding. #29 is now sheathed in new aluminum siding. Newer doors with narrow, one pane overlights occupy the outer bays and are 6' above pavement level, reached by high porches. All house windows are of 2/2 sash except the twelve pane windows lighting the fronts of the cellars which are framed by shutters and small, four pane windows in the gable of each attic. The front section has a moderate slope "A" frame roof with a small chimney rising from the center of the ridge. The wing has a rather flat roof and both are of metal. The front roofline has a boxed cornice with dentil trim. The building sets on a high field-stone foundation and #27 retains an old brick pavement.

FEDERAL

SPECIFIC DATES

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

One of many Federal-frame houses on E. Sixth Street. This building was apparently built at the same time as #31-33, as they are of like design and detail.
