DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This is a detached, two story pair of frame houses, four bays wide and approximately three in depth with a two story, frame "T" shaped wing, three bays wide and two in depth with side balconies. The front facade is sheathed with wood panels channeled into a stone block design and trimmed in the center and each end with wood block "quoins." The rest of the building is covered with clapboarding. Simple front entrances occupy the outer bays and #112 retains an old, four panel door with top panels now in glass. All front windows are of 2/2 sash with louvered shutters and those on the rear are of 6/6 sash. The front section roof slopes to the rear and the wing has a rather flat "A" frame roof, both of metal. The front roofline has an overhanging boxed cornice decorated with mouldings and a band of dentils. Small concave brackets divide and end the houselines. The building rests on a very low brick-faced foundation.
