DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

#201 is a 2-1/2 story detached frame house, four bays wide and two in depth with a two story, two bay square frame "L" shaped wing with an enclosed side balcony and one story frame extension. The house is completely sheathed with clapboarding except for a newer stone facing at the base of the front facade. A newer, front door occupies the second bay from the left (W) side, and there is an old, four panel door on the rear with the top panels now in glass, framed by long shutters of louvers and panels recently added from another old house. All windows are of 2/2 sash. The front facade is topped by a steep sloped, central pediment containing a round arched, four pane attic window. The front section has a moderate slope, "A" frame roof with small enclosed chimneys rising at each end. This is fronted by an overhanging boxed cornice. The wing has a shed roof and both are of metal. The house sets on a low fieldstone foundation and is fronted by a brick pavement.
