This is a 2-1/2 story brick building detached on the right side and being four bays wide with two bays in depth. It has a two story, one bay square, full-width wing joined by a large, one story, cement block extension of the first floor shop. All brickwork is common bond. The first floor shop has "modern" large paned windows and there is a side entrance for the second floor apartment. Second story front windows are 2/2 sash with wood lintels and sills. The moderate slope "A" frame roof of the front section is of metal as is the shed roof of the wing. Square enclosed chimneys rise from each gable. The attic is lighted by small, four pane windows in each end. The front roofline is supported by a two string brick cornice. The building rests on a low foundation.
