DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This is a two story brick pair of houses five bays wide and approximately three bays in depth with a two story brick, off-centered "T" shaped wing one bay in depth and two bays wide with rear balconies. All brickwork is in common bond. Newer doors occupy the outer bays except that an enclosed passage to the rear yards is located in the left bay of #144. All house windows are of 6/6 sash with wood lintels and sills, most with louvered shutters. The roof of the front section slopes to the rear and the wing has a low "A" frame structure. The simple front roof cornice is boxed and decorated by a band of dentils. Small cut brackets divide and end the bays. The building rests on a rather low fieldstone foundation and is fronted by a brick herringbone patterned pavement.
