DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This is a detached row of two story brick houses six bays wide and approximately three in depth with a long rear balcony partly enclosed and several brick or block extensions. All brickwork is in common bond. Simple paneled doors occupy the second, fourth, & fifth bays from the left (N) side. All building windows are of 2/2 sash with two row brick header segmental arches as above the doorways, and rear windows have wood lintels and sills. The roof slopes to the rear and is fronted by a boxed cornice decorated by a band of dentils and plain moulded brackets divide and end the houses. The building rests on a low fieldstone foundation.
