**DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE**

This is a three story brick pair of houses detached on the right side four bays square with a "T" shaped 2-1/2 story brick wing five bays long and three bays wide with a side balcony. There is also a two story brick two bay square extension. All brickwork is of common bond. Entranceways occupy the second and fourth bays from the left with six panel doors, high segmental arched transoms with decorative cutout designs in relief and the whole surrounded by very ornate surrounds with fluting, carved bosses, capitals and dentil trim with a rectangular "key stone" at the top centers. The vestibules have inner doors with glass over panels, each section framed by sections of fluting and moulding and cornered by square end blocks with roundels with the same framing on the doorway surrounds. All front windows are of 1/1 sash with those on the first floor being double with carved mullions and headed by flat brick arches of long thin voussoirs and with decorative lug sills. Upper stories have segmental brick arched windows. Wing windows are of 6/6 sash with wood lintels and sills and there are glass over panel doors with two pane overlights. The attic of the wing is lighted by two 2/2 sash in the gable. The front roof slopes to the rear with enclosed side wall chimneys and the wing has a moderate slope "A" frame roof with a double flue chimney enclosed on the rear and both roofs are of metal. The front roofline is edged by a Victorian  moulded cornice trimmed by large dentils, a row of scallops and another of vertical incissions. The building rests on a high foundation with the basement area half above ground.
