1 TO BE COMPLETED FOR STRUCTURES LOCATED WITHIN REGISTERED HISTORIC DISTRICTS

Please check one of (a), (b), or (c) according to which of the Secretary's "Standards for Evaluating Structures within Registered Historic Districts" applies.

(a) The structure contributes to the historic significance of this district in the following categories checked:

location design setting
 materials workmanship feeling & association

The district is characterized as follows: (1 or 2 sentences)

The district comprises the core of the old of a rural county in western Maryland and consists of buildings of 18th, 19, & 20th century dates of varying functions, materials, scale, placement in the streetscape, roof lines, and gable structure & stylistic influences.

Explain briefly the application of Standard (a) in terms of the particular characteristics of this structure which are relevant to the qualities of this district: (1 or 2 sentences)

This building is characteristic of the late 19th century housing constructed for the middle class in the central area of the town. Most notable characteristics are brick construction, ornate cornice, segmental arched window openings, and open bay windows.

(b) The structure does not contribute to the historic significance of this district because it detracts from the sense of time & place & historic development and/or the integrity of original design or individual architectural features or spaces have been lost and/or it cannot reasonably be returned to a state of utility through rehabilitation.

The district is characterized as follows: (1 or 2 sentences)

Explain briefly the application of Standard (b). Optional: Attach structural report to support recommendation of de-certification.

(c) The structure, being less than 50 years old, is evaluated by Standard (c). A strong justification for certification is given, or the historic attributes of the district are less than 50 years old, or the structure should not be certified.

According to Standard (c), briefly explain why the structure should or should not be considered eligible for certification in terms of the particular characteristics of this structure which are relevant to the qualities of this district. Include a brief characterization of the district.
