**DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE**

#216 is now a narrow, three story brick attached house and small shop, attached on each side. It is approximately two bays square with a two story brick "L" shaped wing, 1-1/2 bays wide and four bays long. This house was built as a 2-1/2 story structure according to front brickwork evidence and word from the owner that evidence of "A" frame roof construction was seen on a side wall of the third story during renovations. The front is laid in Flemish bond thru the second story. A glass front door occupies the right (S) bay with a paneled enframent. In the center is a window and on the left side is a gate to an enclosed passageway, all very close together. All house windows are now of 1/1 sash and mostly with wood lintels and sills. The front section roof slopes to the rear and the wing has a shed roof. The front Victorian "V" shaped cornice is adorned with bands of large and small dentils and lozenges incised with patera. Richly moulded scrolled brackets end the cornice and a band of blocks crosses at the base of the frieze. The house rests on a low fieldstone foundation.
