DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

#347 is a three story brick house detached on the left (S) side and is three bays wide and approximately four bays in depth with a two story brick "L" shaped wing two bays wide and five bays in depth with a side balcony and newer frame side extensions. All brickwork is in common bond. The large front entranceway occupies the right bay with double doors of glass panels, a paneled enframement, moulded transom bar, and wide transom. This is enclosed by Doric pilasters and a heavy overhanging flat entablature decorated by closely spaced small brackets with pendants-similar to the roof cornice. The doorway is approached by a brownstone stoop and leads to a wide vestibule with a three part doorway of double glass doors, wide sidelights, and overlights. All front windows are of 1/1 sash with louvered shutters and moulded top wood lintels. Wing and side windows are of 6/6 sash with wood lintels and sills excepting a third story side window which is double with 4/4 sash and headed by a brick segmental arch. A kitchen door is paneled with a paneled enframement and four pane overlight. The front section roof slopes to the rear with stepped sidewalls and chimneys and the wing has a shed roof. The front roof-line is decorated with an overhanging boxed cornice supported by closely spaced ornate moulded brackets with pendants and with crockets bearing floral designs as on #343 and 345. The building rests on a low fieldstone foundation and is fronted by a herringbone patterned brick pavement.
