**DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE**

#117 is a 2-1/2 story brick house detached on the right (E) side and is three bays wide and two bays in depth with a 2-1/2 story "L" shaped wing, five bays long and two bays wide with a side balcony and a one story, one bay square dependency extension. All brickwork is in common bond and has recently been restored with chemicals to a finely textured salmon shade. The front entrance-way occupies the left bay with a four panel door, recently shuttered, a paneled enframingent, and a sandstone sill. This is approached by a low brick porch with side wrought iron railings. All front windows are now of 1/1 sash with wood sills and lintels as over the doorway and have louvered shutters. Rear area windows are of 6/6 sash with wood lintels and sills and louvered shutters. There is a side, four panel door and the dependency has a board and batten door. Both sections have steep sloped "A" frame roofs of metal with the front section resting on two string brick cornices, front and rear. Double flue chimneys rise from each gable. The attic is lighted from the right by a small, four pane window. An old fashioned "Busybody" front door viewer projects from a second story window. This house rests on a low fieldstone foundation. There is a front herringbone patterned brick pavement and wing side patio with a lawn area and flower gardens to the rear.
