DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This is a detached, 1-1/2 story brick pair of houses, four bays wide and two bays in depth with a 1-1/2 story brick "T" shaped wing, three bays wide and two in depth with newer frame extensions. All brickwork is in common bond. Simple front entrances occupy the inner bays with newer doors and narrow overlights. All house windows are now of 1/1 sash with wood lintels and sills except for the attics which have small, four pane windows in each gable and in the end of the wing. Upper story windows on the front section are of the casement "lie on your stomach" type on the front and rear. The front section and wing both have metal "A" frame roofs with the front section resting on wide wooden beams. Enclosed double flue chimneys rise from each side. The houses rest on a low fieldstone foundation.
