DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

#131 is a 2-1/2 story brick house detached on the left (W) side, three bays wide, two bays in depth and with a two story, brick "L" shaped wing, three bays deep and two wide with enclosed side galleries and a one story, one bay square dependency. All brickwork is in common bond. The front entrance occupies the right bay with a newer door, an old four pane overlight, and is protected by a wide covered porch with Victorian-turned pillars and cut or spindled brackets. There are 6/1 sash windows on the first floor front and 6/6 sash windows above, all with wood lintels and sills decorated by end blocks and carved roundels. These windows are protected by louvered shutters. The attic is lighted by two small, four pane windows in the left gable. Rear windows are a combination of 2/2 and 6/6 sash, also with wood lintels and sills.

The front section has a steep, metal "A" frame roof resting on three string brick cornices and a wide enclosed chimney rises from the left end wall. The house rests on a low fieldstone foundation and is fronted by a herringbone patterned brick pavement. The front is enhanced by an ornate cast iron downspout base.
