DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This two-story frame farmhouse faces north. The four-bay gabled structure includes a two-story rear ell. Two central doors pierce the facade on the first floor, under two unfenestrated bays on the second floor. A porch featuring jigsaw brackets covers the facade.

2/2 windows light the house. A concrete block stove flue chimney heats the center of the house. Asphalt covers the roof, and the insul-brick sheathes the walls. The building stands on a foundation of sandstone boulders.

A gambrel-roofed frame bank barn stands southwest of the farmhouse.
