

HA-1185
HAWKINS HOUSE
Havre de Grace, Md.

c. 1890

This two and a half story three bay wide late 19th century Carpenter Gothic cottage is very similar to all the other houses on its street. It has a gable flank roof with a center gable. Half of the front attic gable is fish scale shingles and half is carved wood. A very plain wrap around veranda is on the front of the house.

DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

720 Ontario St. is a two and a half story, three bay wide L-shaped frame dwelling built in the late 19th century. The house in poor condition, faces north on Ontario St., it has a gable flank roof with a center gable and a bay window like most of the other houses on the block. The house is covered with clapboards and the front attic gable contains imbricated shingles with a design carved in the solid wood of the upper part of the tympanum to give the effect of half-timbering; the side gables are treated in a similar fashion, but without the imbricated shingles. A two story frame addition joins the rear of the ell.

A plain seven bay veranda extends across the front and around the west elevation. It has a shed roof supported by chamfered posts and a fence post baulustrade.

Windows are spaced evenly on the front of the house. There as throughout the house they have 2/2 light sash within slightly pedimented wide board enframements. A one story bay window addition joins the west elevation of the ell.

The main entrance is located in the west bay, front elevation. The door, within a slightly pedimented enframement, contains a panel in the lower half and glass in the upper half. A similiar door is in the second bay west elevation.

The house has a steep gable roof with a center gable. The roof on the main section has a small brick center chimney.

There are two outbuildings on the alley behind the house. A two story ~~adder~~ block and frame structure with a gable roof, built c. 1940 and an older deserted one and a half story gable roof frame house in ruins.
